Nancy,

The below business entity detail appears legit to me as the links underneath it connect you to the California Secretary of State website.

As such, Pat and I will proceed with award.

First, Pat and I will contact the contractor to make sure she understands this is a FFP contract and no change orders will be allowed for the services within the PWS.

Since this proposal was a bit lower than we anticipated I feel we should contact her accordingly.

Once this is done we'll holler at you.

We're making progress!

Thanks,

Jack L. Peterson
Contracting Officer
EPA Region 7, ACMS
901 N. 5th St., #5144E
Kansas City, KS 66101
Phone: (913) 551-7442

Jack and Pat,

I would feed better if their active business status was verified. If you find what she sent acceptable, then I do recommend making the award.

Nancy
